

Ingenia
www.ingeniatechnologies.com

- Custom AHUs & HRUs
- State-of-the-art knockdown construction for site-built projects

Konvekta
www.konvekta.energy/en

- High-performance energy recovery system
- Guaranteed performance / energy savings

Mainstream
www.mainstream-corp.com

- Engineered-to-fit fan arrays with AC, EC or PEMC motors and controls

Miller-Picking
www.miller-picking.com

- Custom AHUs & HRUs

M.K. Plastics
www.mkplastics.com

- High plume dilution laboratory exhaust fans (Axijets) – FRP or coated steel
- Corrosion-resistant FRP fans, plenums, and dampers
- Perchloric acid fume hood exhaust systems

PACE
www.pace-airsystems.com

- Semi-custom AHUs & HRUs

TAMCO
www.tamcodampers.com

- Superior-quality dampers for commercial and industrial applications
- Standard seven (7) year limited product warranty

Thermotech
www.thermotech-usa.com

- Energy recovery wheels for new installations
- Repair or replacement of existing energy recovery wheels
- Standard ten (10) year parts & labor warranty

Twin City Fan & Blower
www.tcf.com

- Complete line of commercial and industrial fans
- Laboratory exhaust fans/systems

Variable Frequency Drives (VFDs)

- HVAC and Industrial variable frequency drives (VFDs)

Vibro-Acoustics
www.vibro-acoustics.com

- HVAC silencers, industrial silencers and acoustical louvers
- Noise control and vibration isolation roof curbs
- Acoustical enclosures
- Double wall panels for plenums, enclosures, barriers, and built-up AHUs

Accutrol
www.accutrollc.com

- Electronic airflow control valves (AccuValves) for critical environments with optional airflow tracking and room temperature controls
- Fume hood controls
- VorTek digital airflow measurement for fan inlets, fan arrays & ducts)
- IAQ-Tek outdoor airflow measurement
- Iso-Tek room pressure monitors
- Bladder type pneumatic airflow control valves (Pneumavalves)

Antrum
www.antrum.com

- Centralized indoor air quality monitoring solution

AWV (American Warming & Ventilating)
www.awv.com

- Custom louvers and dampers for commercial & industrial applications
- Tunnel ventilation dampers

Buffalo Air Handling
www.buffaloair.com

- Custom AHUs & HRUs
- Made in Virginia

Clarage
www.clarage.com

- Tunnel ventilation fans (centrifugal, 100% reversible axial fans & jet fans)
- Industrial and mechanical draft fans (centrifugal and axial)

Coils

- Cooling, heating, and heat recovery coils by leading manufacturers

Envirco
www.envirco-hvac.com

- MAC 10 Series Fan Filter Units (FFUs)

Filters

- Bag-In/Bag-Out (BIBO) containment filtration housings/systems
- MERV, HEPA & HEGA filters, frames, and housings
- Ultra-low pressure drop filters
- Cleanroom filtration equipment

GoFog Inc.
www.gofoginc.com

- Adiabatic humidification and evaporative cooling systems utilizing high pressure pump units & fog nozzles
- Optional water treatment systems

In-House Services

- Dedicated design support from a licensed P.E.
- Field testing of AHUs (leakage, deflection, vibration)
- Turnkey energy recovery wheel retrofits
- AHU installation supervision
- Field assembly of knockdown AHUs
- Startup and training
